

B14 ADVERTISING AND SIGNAGE

This Part specifies objectives and requirements for the erection and display of advertising signs. The controls within this section should be read in conjunction with *State Environmental Planning Policy (Industry and Employment) 2021*, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* (Codes SEPP) and WLEP, which define what can be carried out as exempt development and override these controls.

14.1 DESIGN AND LOCATION**Objectives**

- (a) To promote innovative, unique and creative signs that support retailers or businesses.
- (b) To deliver and maintain a high quality and cohesive public domain.
- (c) To maintain the architectural integrity of the subject building and adjacent buildings.
- (d) To ensure signage respects the architectural style of the building, contributes to the character of streetscape and is consistent with land uses.
- (e) To reduce energy consumption and minimise the negative amenity impacts of illuminated signs and advertisements.
- (f) To ensure the amenity of any adjacent non-commercial or residential uses.
- (g) To ensure the safety of pedestrians and traffic.
- (h) To ensure the harmony of signage with other features, having particular regard to the size and juxtaposition of other signs in the immediate vicinity.

Controls**14.1.1 General Controls**

- (a) Signage is to relate to the use of the building on which it appears and be designed to complement the established streetscape character, and not detract from significant views or vistas.
- (b) Signage is to be integrated into the architectural design of the building, awning or shop front (refer to Figure 28).
- (c) Where original sign panels have been incorporated into the parapet of the building facade, these should be used to identify the name or nature of the business only and not be used for advertising.
- (d) Signs should not obscure decorative forms or moulding and should observe a reasonable separation distance from the line of windows, doors, parapets, piers and the like.
- (e) The colour used in the design of a sign or structure should reflect the colour scheme of the building to which it will be attached.
- (f) Corporate colours should be limited to the advertising sign or structure.
- (g) Careful consideration should be given to the use of illuminated red, green and amber colours in proximity to signalised intersections.
- (h) Council may give consideration to temporary advertising in the form of bunting, banners, inflatable or canvas signs for special events provided that the temporary display period does not exceed four weeks.
