

14.2 SITE SPECIFIC CONTROLS**Objectives**

- (a) To ensure signage is compatible with the intensity of use in each land use zone and does not detrimentally affect the appearance of the site or adjoining land.
- (b) To ensure that signage complements the existing character of the area.

Controls**14.2.1 Residential Zones**

- (a) Any signage within a residential zone shall relate only to premises situated on the subject land and may specify any of the following:
 - (i) The purpose for which the land is used;
 - (ii) Identification and description of a person carrying on an occupation or business on the premises; and
 - (iii) Particulars of the goods or services dealt with on the premises.
- (b) Signs should be carefully designed to blend in with the established residential character.
- (c) Illuminated and electronic signs are not permitted.
- (d) A sign must not exceed 1m x 0.7m in size. The sign shall be affixed to the front façade of the dwelling or to the front boundary wall or fence.
- (e) In circumstances where there is no front fence, or where an existing fence does not have sufficient height to display a sign, and where the dwelling has a significant setback from the street front, Council will give consideration to the erection of a pole sign, having a height not greater than 2.8m.

14.2.2 Bondi Junction

- (a) Illuminated signage on buildings exceeding eight storeys is visible from the Harbour. Notwithstanding its regional significance, it is not intended that Bondi Junction compete with the established illuminated skylines of the City of Sydney or North Sydney. Any corporate advertising on the Bondi Junction skyline should only be for the purpose of serving the immediate region.

14.2.3 Campbell Parade

- (a) Projecting wall signs or flush wall signs above the awning of shops fronting Campbell Parade are not permitted with the exception of building identification signs.
- (b) Building identification signs shall be painted, identifying only the name of the building, and be traditionally located within the building parapet as a feature of the building.
- (c) Generally, neon signage is encouraged on window shop fronts and for under awning signs as an alternative to fluorescent illumination.
