

14.3 SIGN SPECIFIC CONTROLS**Objectives**

- (a) To ensure that proposed signage is compatible the buildings and surrounding character of the area.

Controls**15.4.1 Under-awning signs**

- (a) Under awning signs must:
 - (i) Have a minimum clearance of 2.6m above the footpath and be centrally positioned under the awning;
 - (ii) Not exceed 1.8m(W) x 300mm(H);
 - (iii) Be setback 600mm from the footpath edge;
 - (iv) Not project beyond the width of the awning; and
 - (v) Be separated from other under awning signs by 3m where practicable.

14.3.2 Projecting Wall Signs

- (a) Where permitted projecting wall signs shall:
 - (i) Extend a maximum projection of 750mm from the face of the wall (refer to Figure 31);
 - (ii) Have a minimum clearance of 2.6m above the footpath;
 - (iii) Not extend above parapet height;
 - (iv) Align with signs on adjacent buildings; and
 - (v) The vertical dimension of the sign shall be equal to or greater than the horizontal dimension.
- (b) Council will consider variations to the maximum projection requirement only where, in Council's opinion, the requirement for a sign of vertical proportion does not suit the style and character of the building, or details and proportions of the façade. In these instances square or circular signs may be considered, having a maximum projection of 1.5m from the facade. In such circumstances, buildings 3 storeys or greater are considered more appropriate to scale and proportion of such signs (refer to Figure 33).
- (c) Signs are to be attached to undecorated wall areas. Where projecting wall signs of vertical proportion are proposed, vertical engaged piers present on the facade of older buildings should be used.

14.3.3 Awning fascia signs

- (a) Fascia signs are to be flush with the awning and not illuminated.
- (b) They shall not project above or below the awning fascia.
- (c) Sign writing shall be limited to the street number, name and general nature of the business.
- (d) Product identification on an awning fascia shall not be permitted.
- (e) Where a building comprises a number of tenants, such as in an arcade, the awning fascia should identify the name of the arcade only.
