

B15 PUBLIC DOMAIN

The public domain is Waverley's shared space for residents and visitors alike. It is important that development that addresses the public domain is attractive, safe and accessible. The public domain should be characterised by accessibility, excellence in design, high quality materials and well-integrated public art.

This Part is to be read in conjunction with Council's Street Design Manual and Public Domain Technical Manual which provide further details on the application of the controls outlined in this Part.

15.1 IMPROVING THE PUBLIC DOMAIN

Objective

- (a) To ensure that the public domain receives adequate solar access.
 - (b) To protect significant views and vistas from the public domain.
 - (c) To ensure that development contributes to the activity, safety, amenity and quality of the public domain.
 - (d) To ensure that development adjoining the public domain is of a high quality.
 - (e) To provide legible and accessible development.
 - (f) To reinforce the character of the area.
 - (g) To minimise the use of, and ameliorate the effect of, blank walls at ground level.
 - (h) To minimise risks to the community of natural or environmental hazards, including urban heat islands or localised flooding.
 - (i) To maximise the accessibility and security of public open space.
- To improve nighttime movement and activation of street frontages.

Controls

- (a) Overshadowing effects of new buildings on publicly accessible open space is to be minimised between 9am – 3pm on 21 June.
- (b) Development is not to impede important or significant views from the public domain to public places, parks, Sydney Harbour or the eastern coastline, heritage buildings, monuments, or public artworks.
- (c) Development is to identify and improve key view corridors from the public domain.
- (d) Buildings are to be designed to frame important views from the public domain and within large sites.
- (e) Low level views of the sky along streets and from parks are to be maintained.
- (f) Buildings are to be designed to address the street and to utilise high quality finishes and public art to enhance the public domain and pedestrian interface.
- (g) Blank walls are not supported within centres. Where blank walls must be provided, utilise artworks or interesting façade designs to enrich the public domain.
- (h) Ground entry lobbies and commercial tenancies are to have entries at the same level as the adjacent footpath or public domain.
