

1.2 ONGOING MANAGEMENT

Objectives

- (a) To ensure new developments and changes to existing developments are designed to minimise waste generation and maximise resource recovery.
- (b) To encourage waste storage facilities that are designed to enable the reuse of materials and source separation to facilitate appropriate recycling.
- (c) To ensure waste and recycling systems are easy to use and complement Council's waste and recycling services.
- (d) To promote safe practices for storage, handling and collection of waste and recycling.
- (e) To prevent stormwater pollution that may result from poor waste and recycling storage and management practices.
- (f) To ensure waste storage areas have sufficient volume, are easily accessible, safe, hygienic and are aesthetically incorporated into the design of the development.
- (g) To prevent impacts to the environment that may result from the incorrect use of bins, litter, excess waste and illegal dumping.
- (h) To minimise impacts of waste and waste bins presented on public land for collection on pedestrian and vehicle access, safety and amenity
- (i) To provide flexibility to expand or reconfigure waste separation systems, so that owners and occupants have options to access a range of waste and recycling services
