

B17 SOCIAL IMPACT ASSESSMENT

The *Waverley Social Impact Assessment Guidelines 2022* seek to highlight the importance of and guide the assessment of social impacts of proposed development. Applicants of all Development Applications should refer to the Guidelines to understand what Social Impact Assessment is and whether a Social Impact Statement is required for application lodgement.

Objectives

- (a) To encourage positive social impacts and mitigate negative social impacts, and increase the validity and reliability of the Social Impact Assessment,
- (b) To maximise community benefits and encourage appropriate behaviours.
- (c) To reduce cumulative impact of development and ensure diversity in housing.
- (d) To ensure that the local community has input into the Social Impact Assessment.
- (e) To reduce interaction between children/students/sensitive beliefs and restricted premises/sex service patrons.
- (f) To increase access to public open space.
- (g) To identify preferred community consultation methods and key planning matters early.

Controls

- (a) A Social Impact Statement (SIS) should be prepared if the proposed development is one of the following:
 - Loss of low-rental dwellings (see State Environmental Planning Policy Housing 2021 for definition)
 - Strata subdivision of 4 or more lots
 - \$10,000,000 or greater construction cost
 - Gross Floor Area of 3,000sqm or greater (see Waverley Local Environmental Plan for definition)
 - Reduction in dwelling numbers on site
 Council officers may request a SIS for development not included within the Guidelines at their discretion.
- (b) Plan of Management documents prepared as required by the Waverley Development Application Guide should be robust and adhered to.
- (c) Co-living development with the capacity to accommodate **20 or more lodgers** must have a full-time on-site manager accommodated within the premises.
- (d) Applicants must prepare a locality plan identifying the number and size of the same development type/land use within a **3km** radius, and justify how the addition of a development requiring an SIA will not produce an adverse cumulative impact given the context. This applies to the following development types:
 - Boarding house accommodation
 - Co-living housing development
 - Backpacker's accommodation
 - Pubs/registered clubs
