Commercial Generation Rates

Waste generation rates for commercial development are to be calculated using the rates below. Floor space includes patron usage area such as seating (indoor and outdoor). To ensure building flexibility for future uses, Council may require a higher generation rate than the proposed use. Where type of premises is not listed, consideration will be given on a case by case basis.

A NSW Government Mandate applies that businesses must provide for an organics collection service over a phased timeline up until July 2029, depending on the level of waste generation. Commercial businesses must comply with the mandate and new development must be designed in a way to facilitate compliance with the mandate.
