

storage of reusable items such as crates and pallets, and bulk waste such as cardboard or soft plastics.

- (f) Separate space must be allocated for the storage of trade wastewater (within the building where applicable). Trade wastewater must be managed in accordance with a Sydney Water permit and any pre-treatment equipment such as grease traps must meet Australian standards and be properly installed and maintained.
- (g) Liquid waste from grease traps must only be removed by licensed contractors approved by Sydney Water and NSW EPA.
- (h) Waste cooking oil must be stored in sealed containers and stored in a bunded area (an area where leaking oil can't escape). Space must be allocated to store the waste cooking oil and the location must be in an area easily accessible to the oil recycler for servicing.
- (i) For commercial premises that generate 20% or more food waste, or other waste which is considered by Council to have potential amenity impacts, a daily general waste or organic¹ collection is required, unless an alternative is agreed upon with Council.
- (j) For premises that use 660L bins or larger bins, the bins must be lockable and have wheels with working brakes.
- (k) All commercial kitchens in cafes and restaurants or similar must include space for a dishwasher to ensure plates, cutlery and crockery can be washed to reduce reliance on single use items.
- (l) All relevant commercial businesses subject to the requirement of the separation and collection of organic materials, must abide by the relevant State Government mandate per the *Protection of the Environment Operations Act 1997*).
- (m) To minimise collection vehicle movements within the local traffic network, where practical, developments with multiple commercial tenancies should seek to facilitate shared waste disposal, storage and collection.

1.4.1.4 ADDITIONAL CONTROLS RELATING TO ALL MIXED-USE DEVELOPMENT

- (a) In addition to the relevant application of controls from B1.3.3, this section also applies to any mixed use development.
- (b) There must be at least two separate waste and recycling storage rooms or areas, one for commercial waste and recycling, and one for residential waste and recycling. Storage rooms are to be self-contained and have separate keys and locking systems. A separate bulky waste storage room is also to be provided for residents that is inaccessible to commercial premises.
- (c) Mixed-use developments that require the equivalent of 20 x 240L of Mobile Garbage Bins to store their waste and recycling must organise onsite collection or a wheel in/out service.

1.4.2 Access and Collection

1.4.2.1 GENERAL CONTROLS

- (a) Waste and recycling storage areas must be located in a position convenient for both users and waste collection personnel.
