

- (h) Where existing retaining walls form part of the streetscape any new garage is to have single vehicle width entries. Entry set within stone faced exterior walls of matching stone work to that in the streetscape. Stone facing to new garages is to incorporate whole stone return corners and not mitred or butt jointed veneer.
- (i) Where gates are proposed they should have an open design to allow for improved security by way of street surveillance and are not to open over the footpath, public nature strip or pedestrian path to the front door.
- (j) All parking accommodation is to be constructed or installed so that any roof or surface water is disposed of into the existing stormwater drainage system.
- (k) The surface and slope of driveways must be designed to facilitate stormwater infiltration on site such as the use of wheel strips or alternatively porous materials.

1.8.5 Dimensions

- (a) Hardstand spaces, carports and garages should have minimum dimensions of 5.4m x 2.4m per vehicle.
- (b) All car spaces are to accommodate the vehicle within the site without the vehicle or vehicle appendages overhanging the public domain.
- (c) Internal sliding or hinged gates are to be provided to hardstands/carports to ensure enclosure of the vehicle within the site.

1.8.6 Driveways

- (a) Where possible driveways to off-street car parking should be located so they may provide vehicle access to adjacent properties.
- (b) Provide a maximum of 1 vehicle crossing per property. Properties with more than 1 dwelling, are required to share a vehicle crossing to reduce the impact to street parking and allow more space for street trees.
- (c) Driveways are to be 3.0m wide at the gutter (excluding the splay) and may splay to the property boundary on a case-by-case basis.
- (d) Vehicle crossings will not be permitted where one off street parking space will result in the loss of two or more on street parking spaces.
- (e) A street analysis is required illustrating the number of on-street spaces provided before and after the proposed vehicle crossing.
