

1.15 DUAL OCCUPANCY DEVELOPMENT

This section does not apply to secondary dwellings, also known as granny flats (refer to *Part C1.16 Secondary Dwellings and Ancillary Structures*).

Objectives

- (a) To ensure that the size and bulk of dual occupancy development is in character with surrounding development and streetscape.
- (b) To ensure that the size and bulk of new buildings and alterations and additions to dual occupancy developments do not result in unreasonable impacts on neighbouring properties.

Controls

- (a) The allotment area for a dual occupancy development must be consistent with the following:
 - (i) 450m² or more where the two dwellings are attached; or
 - (ii) 600m² or more where the two dwellings are detached.
- (b) Attached dual occupancy development should be designed so as to have the appearance from the street of a single dwelling.
- (c) In the case of a detached dual occupancy, any second building must:
 - (i) Address a street or laneway;
 - (ii) Have a maximum gross floor area of 110m²; and
 - (iii) Not exceed the maximum FSR for the site, as calculated for the whole site.
- (d) A detached dual occupancy must provide a minimum 5.5m courtyard area between each dwelling.
- (e) Dual occupancy development must provide a single vehicle crossing to the street.
