

1.13 NUMBER OF STOREYS

Objectives

- (a) To ensure that internal amenity is not compromised to maximise development potential.
- (b) To ensure adequate internal amenity is provided through appropriate floor to ceiling heights.
- (c) To ensure buildings create a human scale to the street.
- (d) To encourage development and redevelopment potential.
- (e) To provide a transitional scale between commercial and residential.
- (f) To strengthen the urban form with consistent heights along streets.

Controls

- (a) Refer to the WLEP Maximum Height of Buildings map for absolute building heights.
- (b) Development may not achieve the maximum numeric heights due to topography or other site conditions.
- (c) Development must not exceed the maximum number of storeys for the site as specified on Figure 25.
- (d) Lots are to ensure they do not overshadow neighbouring or adjacent residential lots so as to preserve solar access to private open space.
- (e) Lots to the southern side of Ebley Street, and the southern side of Bronte Road are to drop to 2 storeys at the rear to achieve solar access for adjacent properties.
