

3.1 VILLAGE CENTRE SPECIFIC CONTROLS

This section provides an outline of the 19 [excluding Bondi Beachfront Area and Bondi Junction] identified village centres and detail the desired future character of each centre. The desired future character is to be taken into consideration when designing the built form of the proposed development.

3.1.1 Bronte Road, Bondi Junction

Part E1 Bondi Junction also applies to the Bronte Road village centre.

Existing Character and Built Form

The Bronte Road centre forms one key entrance route to the Bondi Junction Strategic Centre. It is broken up by existing residential lots and larger lots with little activity. The centre predominantly hosts bulky good retail services and other local businesses and lacks a cohesive character when compared to other centres within the LGA.

The Bronte Road centre has small pockets of consistency towards the north-east end, with local cafes providing the 'hub' for activity towards Bondi Junction. It's location within the LGA is definitely unique, as it sits adjacent to multiple residential streets with large mature trees and other landscape conservation areas, however the centre itself lacks greenery and adequate public domain treatment.
