Existing Character and Built Form

The buildings in this local centre occupy a bend in the corner of Old South Head Road. They are of mixed architectural fabric. The immediate environment is dominated by traffic and the commercial/retail use of some of the buildings provides a buffer between the road and the residential buildings that sit behind these uses.

The centre has a number of late Victorian, Federation, and Inter-War style dwellings with commercial uses being housed within modern structures.

Height varies between one and three storeys, with buildings located to the front of the property boundaries. Buildings are typically of masonry construction, with residential buildings possessing decorative face and painted brick work.

Desired Future Character Objectives

- (a) To maintain the active uses of the centre by way of shops and services at ground level.
