

Existing Character and Built Form

The five retail and commercial clusters found along Old South Head Road accommodate approximately 110 shop front premises of which approximately 70 are within Waverley. The two clusters forming the Rose Bay Small Village contain a variety of uses that, when combined with the retail strips on the Woollahra side of the road, provide the daily needs of the local community.

Shop top housing is an important feature of Old South Head Road and provides housing diversity and affordability. This increases pedestrian activity and presence within the village.

Desired Future Character Objectives

- (a) To ensure an integrated approach and consistent treatment to the conservation of buildings of historic character.
- (b) To maintain and improve the continuity of awnings over the footpath.
- (c) To maintain Old South Head Road as the primary streetscape in the village with side streets as secondary frontages.
- (d) To create a cohesive streetscape, comprising well-designed low-rise buildings of varying styles which form a consistent street frontage with small active shopfronts.
- (e) To maintain a clean environment, with waste disposal managed discreetly and efficiently.
- (f) To ensure that the centre provides universal access to all users.
- (g) To ensure new buildings are well designed and responsive to existing built form, with appropriate street frontage heights, upper storey setbacks and active ground floor uses.
- (h) To ensure that building services and basement car parking do not compromise the active street frontage and business opportunities that the Old South Head Road high-street offers.
