

3.1.17 Seven Ways**Figure 67** Seven Ways Centre**Existing Character and Built Form**

The centre comprises two areas. The first is a small group of buildings located at the corner of Curlewis Street characterised by two (2) storey Interwar mixed-use buildings. The second area is centred around the 'Seven Ways' intersection which is largely comprised of two (2) to three (3) storey Interwar apartment buildings and also notable for its mixed use buildings with ground floor shops and residential storeys above.

In addition to the two distinct centres, Glenayr Avenue includes a series of small scale nodes, interspersed with residential development.

The 'Seven Ways' commercial centre has good quality local shops and cafes. Three of the buildings addressing the 'Seven Ways' and 83-85 Glenayr Avenue possess intact original shop-fronts.

Several mixed-use corner sites were (commercial ground floor and residential upper floors) assessed as being buildings of historic character. They represent examples of successful transition in form and function between the commercial uses of Glenayr Avenue and the residential character of the side streets. These corner buildings enable a transition by a reduction in height, and the incorporation of a setback, in those (northern) facades while addressing the residential side street.
