

6.1 BUILT FORM**Objectives**

- (a) To deliver the highest standard of architectural, urban and landscape design.
- (b) To establish building envelopes that minimise overshadowing on Centennial Park and surrounding low scale residential areas.
- (c) To ensure buildings are environmentally innovative particularly with regard to water and energy conservation.
- (d) To ensure development does not adversely impact on the significance of the neighbouring heritage buildings, landscape and conservation areas.

Controls

- (a) A two/three storey podium is to be provided fronting Oxford Street.
- (b) Architectural form is to be articulated to address the corner of Oxford Street, York Road and Syd Einfeld Drive.
- (c) The articulation of the podium level is to reflect a fine grain, terrace-like subdivision pattern consistent with the existing terrace subdivision pattern along West Oxford Street.
- (d) The towers are to be set back six metres from the edge of the podium fronting Oxford Street. A lesser setback may be considered if it can be demonstrated that it achieves the objectives of this DCP.
- (e) The tower location must minimise overshadowing of Centennial Park and the surrounding low scale residential areas.
- (f) No additional height or floorspace ratio above the LEP controls will be considered for these sites.
- (g) Floor space in podium levels must be used for commercial and retail uses. Any storage space, servicing areas, car parking or other areas that are not defined as calculable floor space under Waverley LEP must be located below ground.
