

6.4 WASTE

Objectives

- (a) To ensure new developments and changes to existing developments are designed to minimise waste generation and maximise resource recovery.
- (b) To encourage waste storage facilities that are designed to enable source separation for recovery.
- (c) To ensure waste and recycling systems are easy to use and complement Council's waste and recycling services.
- (d) To promote safe practices for storage, handling and collection of waste and recycling.
- (e) To prevent stormwater pollution that may result from poor waste and recycling storage and management practices.
- (f) To minimise amenity impacts during the storage, use and collection of waste and recyclables.
- (g) To prevent impacts to the environment that may result from litter, excess waste and illegal dumping.
- (h) To minimise interference of waste collection on pedestrian access, safety and amenity.
- (i) To minimise interference of waste collection on local traffic.

Controls

6.4.1 General

- (a) The Site Waste & Recycling Management Plan (SWRMP) is to be submitted in accordance with the Waverley Development Application Guide.
- (b) Waste storage space is to be designed with flexibility to accommodate a future change in use to a use with a higher waste generation rate.

6.4.2 Amenity

- (a) Waste and recycling storage areas must be visually and physically integrated into the design of the space.
- (b) Waste and recycling storage areas must be designed and located to avoid adverse impacts on the amenity of adjoining sites including noise, odour and visual impacts.
- (c) All public place waste and recycling receptacles must align with council's Public Domain Technical Manual.

6.4.3 Access and Collection

- (a) On-site waste collection is to be accommodated within a basement or at grade within the buildings from a dedicated collection point or loading bay that does not impede pedestrian or vehicle movement within the development.
- (b) The on-site waste collection point is to be of a sufficient size to store all bins to be collected without interruption to the functioning of the development.
