
6.4.4 Ongoing management

- (a) Ongoing management of the area is to be in accordance with the approved site waste and recycling management plan (SWRMP) of each development in the area to ensure that appropriate waste and recycling services are provided.
- (b) The SWRMP must be re-evaluated every 5 years and amended with relevant information.
- (c) Waste generated by a development must not exceed the maximum permitted generation rates for each building's use.
