

F4 PLACES OF PUBLIC WORSHIP

Waverley has a rich and vibrant community that requires establishments to congregate for the purposes of worship and to gather for community events. Such establishments are an important part of our urban environment, and this part aims to ensure that these establishments are able to operate respectfully within the local environment.

Objectives

- (a) To minimise and manage the impacts of places of public worship on the amenity of residential areas.
- (b) To ensure that places of public worship have a scale and intensity that is suitable to the site and context.
- (c) To ensure that places of public worship are able to operate respectfully within the urban context.
- (d) To provide guidance for the preparation of a plan of management.
- (e) To encourage the location of larger places of public worship in lands zoned for business purposes.

4.1 LOCATIONAL AND SITE REQUIREMENTS**Objectives**

- (a) To prevent unacceptable impacts on the amenity of residential areas by encouraging the location of larger places of public workshop within non-residential zones.
- (b) To guide the appropriate location of places of public worship to ensure that amenity for surrounding residents and businesses is maintained.
- (c) To ensure that places of public worship and educational establishments are appropriate with regard to the character and use of the area.
- (d) To ensure that sites and streets are capable of servicing the use of the facilities.

Controls

- (a) Proposals for new places of public worship, or for the intensification of an existing place of public worship, must clearly address the management of amenity, safety and traffic that will result from the intensification of the site in both the Statement of Environmental Effects and the Plan of Management.
- (b) New large places of public worship (ie. with a maximum seating capacity of greater than 200) are preferred to be located within lands zoned for business purposes or special uses.
- (c) Places of public worship are not supported to be located on cul-de-sacs.
- (d) Places of public worship proposed in residential zones are to provide landscaping and open space to 25% of the site area.
- (e) In residential areas, a minimum 900mm landscaping strip between side setbacks is required.
- (f) Places of public worship are to provide front, rear and side setbacks in line with surrounding properties.
