

G

Garage - An enclosed structure with a roof, garage door and walls used for carparking purposes only.

Garbage - is any solid or inert materials generated by development and land-use activities (including domestic activities) that are discarded, rejected, unwanted, surplus or abandoned, that remains after the separation of compostable, re-useable and recyclable materials.

Garbage Chute - is a duct in which deposited material descends from one level to another within the building, due to gravity.

Green Roof - is a roof that is designed to promote the growth of various forms of vegetation and includes a vegetated layer, growing medium, drainage layer and a waterproof membrane. The roof is either partially or completely covered by vegetation, and is a non-trafficable space that is only accessed for maintenance purposes.

Green wall / Vertical garden - Green wall means walls that are either free-standing or part of a building that is partially or completely covered with vegetation. There are two main types of green wall, including:

- green façades, that are made up of climbing plants either growing directly on a wall or on specially designed supporting structures. The plant's shoot system grows up the side of the building while being rooted in the ground; and
- living walls, with modular panels are affixed to the wall and geo-textiles, irrigation and a growing medium combine to support a dense network of plants.

Green Waste - A vegetative material, such as grass, plants, leaves, branches, shrub and tree loppings.

Grey Water - Wastewater generated from hand basins, showers, laundries and kitchens.

Gross Leasable Area - The sum of the areas at each floor of a building, where the area of each floor is taken to be the area within the internal faces of the walls, excluding stairs, amenities, lifts, corridors and other public areas but including stock storage areas.

Gross Floor Area – As per the definitions in the Waverley Local Environmental Plan, with 'car parking' and 'access to that car parking' in the WLEP definition referring to the minimum dimensions and access required in order to comply with requirements of AS2890 and the National Construction Code (NCC) – Building Code of Australia (BCA). Car parking spaces above the 'maximum' stated in the WDCP, and components of parking and access areas greater than the minimum dimensions required to meet the AS2890 and the BCC/BCA will contribute to the Gross Floor Area calculation.

Groundwater - Water contained within the voids and spaces in rocks or soils.

H

Habitable - In a residential situation: a living or working area, such as a lounge room, dining room, rumpus room, kitchen, bedroom or workroom; In an industrial or commercial situation: an area used for offices or to store valuable possessions susceptible to flood damage in the event of a flood.
