

V

Virgin excavated natural material - Natural material (such as clay, gravel, sand, soil or rock fines) that has been excavated from areas that are not contaminated does not contain any sulfidic ores or soils or any other waste.

Vertically Stacked Parking - Where one or more vehicles are raised above a parking space by way of a mechanical or hydraulic lift, allowing more than one vehicle to occupy a surface level parking space.

W

Wall Height (External) - "Wall height" is the vertical distance as measured from the ground level (existing or as determined by Council) to the highest point of an external wall. The highest point of an external wall is taken to be any of the following:

- the underside of the eaves of a pitched roof;
- the highest point of a parapet that forms part of an external wall;
- the highest point of the wall where it joins the roof structure for skillion or butterfly type roofs.

For the purposes of "wall height" an external wall does not include dormer windows, roof gable ends, clerestory windows, recessed/setback glazed walls designed to obtain internal light, or the like.

Wastewater - is greywater and blackwater.

Water Sensitive Urban Design - A design approach promoting sustainable management of the total water cycle through the ecologically sensitive design of homes, streets (and their drainage systems) and whole suburbs.

Written Notice - means the written notification letter sent by Council to adjoining and neighbouring land advising of a proposed development.
